This comprehensive program provides not only safety and health education and training, but develops safety leadership and assists with Workers' Compensation, OSHA and other organizational compliance issues.

Managing a Drug Free Workplace

August 5

8:30 am – 12:30 pm ~ 4 Credits

Drug use significantly impacts work performance, productivity, & safety. The impact of drug use is seen through increased job turnovers; absenteeism; accidents & injuries; health care utilization; and theft/security problems. This negative impact manifests loss productivity as well as poor employee morale. A State approved Drug Free Workplace will not only reduce premiums directly but indirectly reduce the cost of doing business.

Safety Audits

August 19

9:00 am – 11:00 am ~ 2 Credits

A Safety Audit shows just how safe work areas really are. This class helps employees understand how a Safety Audit is conducted, and what part they play in the process.

CANCELLATION POLICY: You may cancel without penalty up to 3 working days prior to the course. Canceling other than above will incur 50% of the fee. Avoid charges and send another person in your place. Without cancellation you are liable for the entire fee. **NO SHOWS WILL BE BILLED.**
